## **Southern Tertiary Challenge – 2006**

---

The STC is being re-established in the Southern Region (South Island), with Canterbury hosting it in 2006. The aim of the Tertiary Challenge is maximum participation and to involve all the tertiary institutions in the South Island of New Zealand. It is envisaged that this will be an annual event to close off the year on a high note.

All sports will be based on an 'open competition.' Open competition means any variations of males and females to play at any one time. E.g. there can be a

- Basketball (3 aside) – team sport - min 3 competitors
