Brief Statement on Potential Contribution to the Board

I am closely involved in the student body and sporting events at both a University and Secondary School level. I take a particular interest in the transition phase from secondary school to University sport and have a passion for sports development at a university and national level. USNZ is in prime position to be able to affect change in this sporting sector.

If re elected I will continue to ensure USNZ provides consistently quality events and opportunities for increased participation with a variety of events. University Sport New Zealand has come a long way in the past few years and look forward to taking it even further.

As a result of my presidency at the University of Auckland Tamaki campus I am well versed with the requirements of the student associations, and the challenges faced by them and their members. This has given me the added bonus of knowledge of small and large campus issues. This combined with my sporting background makes me the ideal candidate for re election.

Additional Information (use additional space as required)

Life member of AUSA and TSA

Completed Outward Bound course January 2005
