Brief Statement on Potential Contribution to the Board

I feel that my significant governance experience within the Tertiary Sector as well as my experience within USNZ and understanding of constituent members will put me in good stead to continue in the role of a general executive member of University Sport. The USNZ board and membership needs to build on current organisational capacity and stability with a greater focus on the strategic issues facing the organisation in the longer term. I also have financial experience that will be useful at the board level.
