Brief Statement on Potential Contribution to the Board

For the first time, in recent history at least, every USNZ member is also a member of NZUSA. As Co-President elect for NZUSA this places me in a unique position of being in regular contact with members next year. I have been involved in USNZ as President of a member for the past two years.

This position is an important one for members of USNZ as it is the primary opportunity to have their views put to the board. I bring experience at representation and an understanding of USNZ's structure and operations. USNZ has made a few major strategic decisions over the last little while and there is still a lot more on-going discussion about its future direction. It is important that members are provided with an open and honest avenue to participate in this and I would ensure that members are able to participate fully and provided with appropriate information.
